Spokane REALTORS® 10-point Solutions

- 1. Relax dimensional standards to encourage the development of small homes and townhomes on small lots.
- 2. Simplify short plat regulations encouraging homeownership on small lots.
- 3. Relax engineering standards for infill development, including city financial support where infrastructure is deficient at infill locations.
- 4. Expedite permit processing for residential development.
- 5. Establish a "housing affordability " goal for every department in the City of Spokane.

Spokane REALTORS® 10-point Solutions

- 6. Prioritize surplus City of Spokane properties for housing opportunities.
- 7. Consider 99-year leases for development of affordable housing use the Amazon model.
- 8. Discount or eliminate city permit fees and costs for any project that can bring the retail price below \$300k adding a 5-year owner occupancy requirement.
- 9. Set aside Multi-Family Tax Exemptions (MFTE) increases into a small fund to assist with water/sewer connections on small projects.
- 10. Lobby for GMA Expansion.
