

Realtor.com[®]+[™] FAQs for Spokane REALTORS[®]

What is Realtor.com+?

Realtor.com[®] and Spokane REALTORS[®] have launched a new strategic partnership, driven by a shared vision: elevating the role of the professional by equipping you with powerful, cutting-edge tools. The first product delivered from this powerful collaboration is Realtor.com+: a collaborative home search for professionals and clients that helps them stay in sync from click to close.

What are the benefits of Realtor.com+?

Realtor.com+ offers a best in class collaboration experience for practitioners and their clients from search-to-close. For your clients, this means accessing the Realtor.com experience they know and love (a modern platform with nationwide search) with the addition of premium features, like shared listing feeds so they can easily collaborate with you and any co-buyers.

For you, this means access to an entire suite of premium features to that elevates your role as the professional, keeping you as the hero of the transaction, including, but not limited to features such as:

- Protected and branded environment
- Create saved searches for you AND your clients using MLS-level search filters
- Collaborative agent-client search with co-buyers & co-agents
- Visibility into your clients' search behaviors (saves, property views, sessions, likes/dislikes, etc)
- In-App Chat with Agent Reminders
- Touring Solution
- Agent & Client Mobile Apps
- Real-Time Client and Market Insights

So this is an app?

Realtor.com+ is a platform available via both desktop and mobile app (for iPhone or Android). Whatever you do on Realtor.com+ syncs across all platforms.

For example, if you save a search while on your computer, you can get notified on your phone from the mobile app when new listings match it! This allows you to do your work wherever you are, whether you're at your desk or waiting on a front stoop for your buyer to arrive for a showing.

What MLS data will I see on Realtor.com+?
